TITLE:

Presentation by the Greater Historic District Committee Regarding the Concept Plan for Streetscape Improvements in the Historic District

SUPPORTING BACKGROUND:

In the summer of 1999, the Brookes, Walker, Russell Historic District community requested the City assist them with a planning Charrette to provide an improved streetscape and slow speeds in their neighborhood.

On June 29, 2000, the Charrette was held at the Park Station Apartments Clubhouse. In attendance were the Mayor and City Council, City staff members and approximately 40 citizens.

As a result of this Charrette a series of improvements were proposed. In staffs presentation these items will be discussed in more detail.

To follow-up on these proposals the City established a Greater Historic District Committee (GHDC). For the past several years the City has worked with members of this committee in an effort to implement portions of this plan.

Tonight's presentation will discuss in more detail the concept plan the GHDC has proposed. After the presentation the GHDC will be seeking guidance regarding the implementation of these proposals.

DESIRED OUTCOME:

Provide Guidance.
